## VANDERLIP, MYSTERY MAN OF \$3,000,000,000 RUSSIAN DEALS, A MINE EXPLORER

His Wife, Located in Los Angeles, Tells Evening World of His Plans.

HAS STRONG BACKING.  
For Many Years Seeker After Hidden Mineral Wealth of the World.

When dispatches came from London a short time ago announcing that Washington B. Vanderlip had obtained from Soviet Russia a concession of 400,000 square miles of valuable land in Siberia, rich in oil deposits and coal, said to be worth \$3,000,000,000, and that his "syndicate" was to act as fiscal agent for the Russian Government in the purchase of hundreds of millions of dollars' worth of American goods, the first question that was asked on this side of the Atlantic was—Who is Washington B. Vanderlip?

Whatever may have been his distinction before the announcement of the concession, he was a man practically unknown in the East. It was said later that he was a mining engineer, that he lived in Los Angeles—but these were not answers that sufficed in view of the gigantic undertaking the cables had reported. The public, no less than the bankers and financiers of the country wanted to know something about this man who had obtained a territory four times as large as the State of New York and was about to engage in an export business of millions.

So The Evening World set out to discover something which would serve as an answer to the inquiries, would tell something of the personality of this "unknown." It was learned that he has the backing of several of the richest men in his part of California, that he is a civil and mining engineer whose professional activities have been more or less overshadowed by the explorations he has made in quest of the world's mineral wealth.

It is learned, too, that aside from the great work of developing the enormous tract conceded to him, his task of supplying American goods to Russia includes the procuring of 5,000 locomotives, 50,000 box cars, 25,000 pairs of shoes and other commodities in like stupendous quantity.

## VANDERLIP'S WIFE TELLS OF HIS WORK SEEKING MINERALS

Has Gone All Over the World in His Quest—Thinks Russia Great Oil Field.

(Special to The Evening World.)  
LOS ANGELES, Nov. 24.—Over a typical California bungalow at No. 1082 Kensington Road, this city,

## KILLJOY SLEUTHS LOOT THANKSGIVING FEAST LUGGAGE

Enforcement Agents Ransack Suitcases and Trunks at Railway Terminals.

THERE is gloom ahead for out-of-town Thanksgiving joy makers. At the Pennsylvania depot yesterday six suitcases and three trunks were "pinched" by Prohibition agents, and all of them contained whiskey—good whiskey—intended for Thanksgiving feasting. In the last three weeks scores of suitcases and 315 trunks have been confiscated. Some of the trunks, it is said, were copper-lined and worth \$150 and more. Most of the seizures were made in express offices and baggage rooms, but some were made which resulted in the arrest of the owner. Mine-pies will be served without the Thanksgiving "kick," due to the absence of brandy, and chefs are making other kinds of jolts. Their artistic souls are outraged.

## FINDS MAN IN SHOP DRESSING TURKEY

Although He Wore a Butcher's Apron, It Didn't Fool the Cop on Beat.

Turkeys are almost as costly as bottles of the stuff that used to be served with 'em. But Alfred Lent, 27, No. 427 West 56th Street, elevator operator, had an idea. Early to-day, long before it was time for butcher shops to open, he was standing behind the block in William Bucher's shop at No. 174 Third Avenue, dressing a fine bird—when Patrolman Carr came along.

Carr knows that Bucher is always the first to arrive at his shop to open up. Carr had never seen Lent in the shop before, and in spite of the fact that Lent was wearing a butcher's apron Carr had his suspicions. He found, he says, that the back door of the place had been forced. Then he went for Bucher, who said Lent was no employee of his.

## JOY RIDER IS SHOT IN DUEL WITH POLICE

Speeding Party Gets Away, but Chauffeur and Wounded Man Are Caught Later.

An automobile filled with noisy negro men and women approached 120th Street in Lexington Avenue at such speed at 4 A. M. to-day, Policeman Raymond Ames of the East 126th Street Station stepped out and ordered the chauffeur to stop.

One of the men stood up in the car and fired a shot at the policeman from a revolver. Ames shouted another order to halt and then fired one shot. The automobile continued to 124th Street, where the women were put out and the police were notified it had gone on to Harlem Hospital.

There they found a negro shot in the jaw, who described himself as Talbot Sully, twenty-six, a barber, of No. 122 West 123rd Street. He was arrested on a charge of shooting at the policeman. The police learned the automobile belonged to Dr. Israel Bernstein of No. 759 East 160th Street, who did not know it had been stolen. A negro calling himself Homer Saunders, thirty-six, of No. 24 West 131st Street, alleged to have been driving the car, was locked up on a charge of stealing it.

THE WORLD TRAVEL BUREAU.  
Agents, Travel, World, Building, 33, Park Ave., N. Y. City. Telephone, READING 1000.  
Cars, room for luggage, and service one day and night. Money orders and travel checks for sale. Advt.

## BOMB IS HURLED FROM TAXI IN CORK; SEVENTEEN VICTIMS

Two are Dead and Five Others are Reported Seriously Injured.

IRISH PAPER RAIDED

Sinn Feiners Fill the Prisons—  
Three Killed While Trying  
to Escape.

CORK, Nov. 24.—A bomb explosion in Patrick Street last night killed two persons and injured fifteen. Five of the wounded are in critical condition.

Police declared some youths dropped a home made bomb they were examining. Another report was that the explosive had been thrown from a taxicab.

The kidnapping of three army officers at Waterfall, County Cork, last week caused the posting of the following notice in Cork this morning. "If Capt. Green, Capt. Chambers and Lieut. Watts are not released, unharmed, within forty-eight hours leading members of the Irish Republican army will be publicly dealt with. Ignorance may be slow, but it will be sure." The removal of a well known local priest to an unknown destination by military officers has caused great excitement at Carrick-on-Shannon.

DUBLIN, Nov. 24.—Troops raided the offices of the Freeman's Journal early this morning and searched vainly for men wanted in connection with recent disorders. It was declared at the newspaper's office that none of them were ever employed there.

Every jail in this city is filled to overflowing to-day with prisoners taken in the sweeping raid inaugurated by the police immediately after the shooting on Sunday of the fourteen officers and ex-officers of the British Army.

Word comes of the killing of three policemen and the wounding of five others near Ennis in County Clare.

Dublin was startled to-day by the news that three Sinn Feiners were shot dead in Dublin Castle, according to the official account, while attempting to escape. For twenty-four hours the Castle has kept the matter secret.

The victims are Peter Clancy of Dublin, a prominent figure in the Republican movement; Richard McKee, another Dublin man and an officer in the County Dublin battalion of the Republican Army; and Thomas C. Clune, a County Clare man, believed to be an officer in the Clare battalion.

All three were arrested Saturday night and lodged in a small guard room inside the Castle grounds. The official story says they were allowed considerable freedom of movement and were seated round a fire a moment before the attempt to escape was made.

The entry at the door rushed into the room and opened fire, and the other guards followed, with the result that the three prisoners were shot dead. This official story, being discussed in the prevailing atmosphere of suspicion, receives little credence.

## FOUND TWO BABIES LEFT ALONE IN ROOM

Crying of Little Ones Angered Neighbors, Who Notified Children's Society.

On a complaint to the Children's Society, Constable Edwards, who last night found Ann Evans, two years old, and her brother, Dennis, also months old, in a crib alone in a small room at No. 29 East 109th Street.

Dr. Danby of St. Vincent's Hospital took the children to Bellevue Hospital, where it was said they were suffering slightly from malnutrition. The younger child had a wound on the left leg, seemingly from a burn. Neighbors told Agent Schuppert the children had been alone in the apartment all day and had cried a great deal. The agent reported the babies and not returned up to a late hour. The babies were taken to the rooms of the Children's Society to-day.

## ARMED U. S. MARINES STOP WESTERN UNION MEN FROM CONNECTING MIAMI CABLE

Force From a Submarine Chaser Line Up the Company's Men and Hold Them Under Guard.

MIAMI, Fla., Nov. 24.

WHAT was described as an attempt by the Western Union Telegraph Company to connect its cables from Barbados to a cable from Miami at the west end of the Causeway here to-day was stopped by an armed force from the United States submarine chaser 154.

Orders to prevent the connecting of the two cables were received by the commandant of this district from the Navy Department some time ago and the commandant of the submarine chaser had in turn been ordered to prevent any attempt at such an operation.

When the work of laying the cable was stopped, a portion of the cable which had not yet been connected at the west drawbridge of the causeway was left on a barge anchored in Biscayne Bay.

Shortly before 10 o'clock to-day a force of fifteen men, including nine negroes, went out to a barge with the supposed intention of connecting the cable where work had ceased. A few moments later the submarine chaser came swinging alongside the barge, tied up to it, and a crew of armed men, headed by the commandant went aboard lining the negroes and other Western Union employees up on the barge under guard.

One of the Western Union men was permitted to return to the downtown office for instructions from his company.

The cable was laid across the causeway several months ago, and all that remains to be done is to make the connections under the two causeway drawbridges. The work could have been finished in three hours, it is said, if there had been no interruption by the naval force.

## \$7,000,000 BONUS TO EMPLOYEES BY FORD COMPANY

Workers Will Get Also Extra 3 Per Cent. on Their Stocks in Company.

DETROIT, Nov. 24.—Bonus checks aggregating more than \$7,000,000 for employees of the Ford Motor Company are now being written and their distribution will begin Jan. 1 next according to announcement this morning by E. B. Ford, President of the Ford Motor Company.

Mr. Ford also announced a forthcoming extra three per cent. for the six months ending December 31, on Ford investment certificate held by employees of the company. This, Mr. Ford said, is in addition to the guaranteed 6 per cent. He added that 5 per cent. had been paid July 31 last, making a total of 14 per cent. on the certificates for 1920.

Mr. Ford's statement was made, it was announced, to correct what he said was an erroneous report of testimony by S. S. Marquis, director of the Ford Educational Department before Judge Abraham in Chicago yesterday to the effect that the reductions in the price of Ford cars had resulted in the bonus to employees being practically cut off.

The statement that 6,000 men of the Detroit plant had quit work within the last ninety days was correct, it was said at the executive offices of the company here, but the men had left voluntarily, and increased production of the remaining employees had made it unnecessary to replace them.

## KNOX TO BRING UP PEACE RESOLUTION

Says He Will Introduce It in Senate When Congress Meets.

WASHINGTON, Nov. 24.—Senator Knox, Pennsylvania, to-day announced his intention of introducing his peace resolution declaring peace with Germany as soon as Congress convenes, but whether he will press for action during the short session depends on the views of the majority of his Republican colleagues and President-elect Harding.

"Anyone who says that I am contemplating a Cabinet position does it without authority," the Senator said. "Mr. Harding will select his Cabinet in his own good time."

## BLUE LAW SUNDAY IN 36 STATES IF THIS PLAN WINS

Lord's Day Alliance Will Have Bills Introduced, Its Secretary Announces.

Strict Sunday laws prohibiting motion pictures, professional sports and business of any sort will be introduced in from thirty-one to thirty-five State Legislatures this winter, the Lord's Day Alliance announced to-day.

Dr. Harry L. Bowley, secretary of the Alliance, says that organization through these bills serves notice that no race or corporation can inflict a Continental Sunday on America. The design is to preserve Sunday as the Lord's Day and at the same time support the business man who closes his institution over Sunday.

The support of labor will be urged on the ground that if the bills are not adopted Sunday business will expand, the Post Office Department will extend Sunday operation and finally there will be no rest day.

"These are not blue laws," Dr. Bowley said. "Blue laws are a humbug. But if opponents insist on calling these blue laws we'll fight along that line. Blue is the color of loyalty, and these bills will demand the support of loyal Americans."

A bill already has been prepared for submission to Congress to enforce strict Sunday observance in the District of Columbia.

Dr. Bowley said there is no intention of suppressing necessary business. Sports, the movies, automobile racing, candy and tobacco selling—anything tending to divert attention from the home or religion on Sunday—would be on the taboo list.

"The moral tone of the nation is slipping backward steadily," Bowley said. "Something must be done to make people return to spiritual things."

## BRINDELL STILL RETAINS POST AS BUILDING CZAR

Status Unchanged by Visit of Representative of Federation of Labor.

OUTLAW UNION OUSTED

Brindell Satisfies the Labor Chief by Action Against Painters' Organization.

The status of Robert P. Brindell and the New York Building Trades Council, which he has dominated as President, remains unchanged despite the revelations of the "building czar's" activities before the Lockwood Investigating Committee. This became known to-day following a visit paid to Brindell's headquarters by John Donlin, President of the Building Trades Department of the American Federation of Labor. Furthermore it was stated that the A. F. of L. contemplates no action against Brindell, at least until the Lockwood Committee has completed its hearings.

Mr. Donlin made it clear that the reason for his visit to New York was in connection with complaints received from painters concerning an outlaw painters' union, which Brindell organized some time ago. Members of the painters' union, affiliated with the American Federation of Labor, had contended that they were denied work unless they paid money to Brindell's organization.

Brindell was informed by Donlin that unless the outlaw union, known as Painter's Local No. 1, was ousted the Building Trades Council would lose its charter with the A. F. of L. Brindell informed Donlin that this had been done. This concluded Mr. Donlin's business with Brindell. When Donlin was asked if the American Federation of Labor contemplated taking action against Brindell as a result of the Lockwood Committee disclosures he said:

"We have no such action in mind and none is likely to be taken, at least until after the hearing is completed."

This means that the Building Trades Council retains its charter and that Brindell continues to remain its president. Some time ago the "building czar" was elected to a lifetime office at a salary said to be about \$25,000 a year.

Absolutely no action has been taken by the union heads in the matter of William Zarank's bitter complaint about Brindell's House Wreckers' Union.

## TO ADMIT AUSTRIA INTO THE LEAGUE

Commission on Membership Also Favors Admission of Bulgaria and Finland.

GENEVA, Nov. 24.—Immediate admission of Austria and Bulgaria was recommended to the League of Nations Assembly to-day by the commission on membership. Admission of Finland, Albania and Luxembourg was also favored.

The positions of Latvia, Lithuania, Ukraine and Estonia were held over. Affairs in the Baltic region are too chaotic to permit favorable action now, the commission decided.

In order to emphasize the international character of the military expedition to oversee the Vienna plebiscite, the League council has invited the Scandinavian countries to send small detachments of gendarmes.

WORLD RESTAURANT.  
Wednesday, Nov. 24, 1920. Thanksgiving Dinner.  
\$1.00. Chicken, mushrooms, celery, roast, stuffed Vermont turkey, fried oysters, creamed turnips, sweet potato, mashed potatoes, pumpkin, mince and apple pie, ice cream, coffee.

## NAMES OF THREE INDICTED WITH BRINDELL IN BUILDING GRAFT INQUIRY ARE WITHHELD

Counsel for Builders' Supply Bureau Appeals to the Appellate Division Against Forcing Miss O'Dea, Held in Contempt, to Testify Before Committee.

While the Association in Mason's Building Materials and the Builders' Supply Bureau were striving by every technical legal resource, but unsuccessfully, to keep their books and records out of the hands of the Lockwood Committee, the Additional Grand Jury to-day brought in two more indictments against Robert P. Brindell of the Building Trades Council, already under \$100,000 bail on indictments charging extortion and attempted extortion from builders.

The Grand Jury also brought in indictments against three other persons based on charges brought out in the Lockwood Committee hearings. The nature of the additional charges against Brindell and the other three men were not divulged.

Martin Conboy, counsel to the Builders' Supply Bureau, gave notice that he would carry an appeal this afternoon to the Appellate Division against the forcing of the testimony of Miss Elizabeth O'Dea, secretary of the bureau. After taking testimony this morning the hearing of the committee was adjourned until next week to permit counsel to appear against the Conboy appeal.

## INDICTMENT FOR HIRSHFIELD BY ALMIRAL JURY

Accused of Criminal Libel—  
Commissioner Enright  
Under Inquiry Also.

David Hirschfield, Commissioner of Accounts, who was indicted to-day by the Extraordinary Grand Jury on a charge of criminal libel, a misdemeanor, pleaded not guilty this afternoon through his counsel. He was released on \$1,000 bail furnished by Philip Berolzheimer, City Chamberlain.

Hirschfield, accompanied by State Senator Charles E. Russell, appeared in the court room of Justice Weeks shortly after 2 o'clock. Senator Russell asked permission to enter a plea without the necessity of calling his client to the bar.

"It is the defendant here," inquired Justice Weeks and Hirschfield, who was in the rear of the room, stood up. He was called to the front. The Senator then asked for ten days in which to prepare motions. Justice Weeks said he would grant a week for this purpose and added:

"It is my desire to have these cases tried as quickly as possible. It will be impossible for me to discharge the Extraordinary Grand Jury until the indictments filed by them are disposed of. I am anxious to clear up the work of the jury so they can finish their deliberations. If any technicalities are brought up it will keep them in session for a long time."

The Extraordinary Grand Jury of which Raymond E. Almira is foreman, has been in session for almost a year.

The indictment against Hirschfield charges that last April he made public to the newspapers affidavits made by Benjamin Friedman and Bernard Goldman affecting the character and integrity of Assistant District Attorney

Justice Page in the Appellate Division heard argument on a motion for a stay pending an appeal from Justice Hirschfield's decision that Miss O'Dea must testify.

Miss O'Dea was adjudged in contempt by the Lockwood Committee to-day. Capt. David Ash, associate of Martin Conboy, was threatened with similar action if he did not produce their books. Capt. Ash attempted to protest.

"I would like to say," he began, coming forward before the committee. "He will say nothing," said Samuel Untermyer, counsel to the committee.

"The Sergeant-at-Arms will remove this person," said Chairman Lockwood. Capt. Ash walked quickly back to his seat.

An informal notice was sent to the office of Mr. Conboy demanding the immediate production of the books and papers of both the Supply Bureau and the Association in Mason's Building Materials, for which Mr. Conboy is also counsel. A clerk of the committee telephoned Mr. Conboy's office and was told Mr. Conboy was out and wouldn't be back for several hours.

The Committee has not the power to put Miss O'Dea under arrest, it was explained by counsel. If the Legislature were in session it might order her arrest, but the Committee's only resource now is to seek an order of arrest from a Supreme Court Justice or cause her indictment by the Grand Jury. It was not regarded as likely that the Committee will be forced to do either.

Justice McAvoy on motion of Mr. Untermyer vacated stays obtained by Mr. Conboy, enjoining the Committee from examining his client's books.

Martin Conboy is a member of the law firm of Baldwin, Griggs and Conboy. A. J. Baldwin of the firm has acted as counsel for Charles M. Murphy and John A. McCarthy and was indicted with them on the charges growing out of the Hartog glucose litigation. McCarthy is a member of the Baltimore Supply Bureau.

ANOTHER WITNESS TELLS OF PAYING "STRIKE INSURANCE."

While waiting for the service of the contempt order on the young and good-looking Miss O'Dea and her production before the committee with the books, Mr. Untermyer examined Anthony A. Paterno of Paterno & Paterno, builders, whose brother testified as to strike insurance payments
